Hong Kong Computer Society

Speakers

Mrs. Agnes Mak, JP
Senior Vice President, Mobile IT, SUNDAY

Agnes Mak has over 20 solid years of experience in information technology, with a proven track record of using IT as a tool for business growth and performance improvement, operations, and cost control in alignment with business objectives, policies and priorities. Prior to joining SUNDAY, Agnes was Head of IT of Mandatory Provident Fund Schemes Authority, Head IT - Asia Pacific North of British American Tobacco China and the Director of MIS of The Gap (Far East) Ltd. Agnes is a Distinguished Fellow and past president of Hong Kong Computer Society. She is also a council member of Hong Kong Productivity Council, member of the Finance Committee of Hong Kong Housing Authority, member of the General Support Program Vetting Committee of the Innovation and Technology Fund and Chairman of the Information & Communications Technology / Industry Training Advisory Committee of Education & Manpower Bureau.

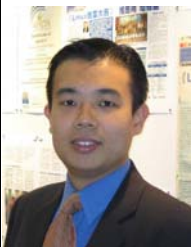

Mr. Alvin Tsang
Senior Information Systems Manager, MTR Corporation

Alvin Tsang is the Senior Information Systems Manager of MTR Corporation Limited. He has Corporate-wide responsibility to define IS strategy and plan that constantly align with business imperatives and to plan, deliver, enhance and maintain valued-added, innovative, cost-effective, and high quality Information Systems solutions that are in-line-with business strategies and requirements. Alvin has over 24 years experience in Application Architecting and Development in Hong Kong and Australia.

Alvin's expertise is in IT Governance, Enterprise Architecting, IT Strategy Development and Execution, IT Planning & Management, Application & Project Management, Outsourcing Management, and Vendor Management. He is specialised in the application areas of Human Capital Management, Financial Management, Supply Chain Management, Enterprise Asset Management and Transportation Management.

Alvin holds Master of Business Information Technology degree from the Curtin University of Technology and Master of Business Administration degree from The University of Adelaide in Australia. He has also completed the TOGAF 8 Certification Program.

Alvin is a Fellow of Hong Kong Computer Society (HKCS), the co-convenor – Enterprise Architecture Stream of the Emerging Technologies Special Interest Division, HKCS, an advisor of the XML coordination Group of the OGCIO, a co-opted member of the Specification of Competency Standards Subcommittee (Systems Architect), a member of the 1st Certification Board - Hong Kong IT Professional Certification, the Chairman – Hong Kong Oracle User Group, 2006.

Mr. David C.K. Wong
R&D Associate, Center for E-Commerce Infrastructure Development

David Wong is now commercializing technology products from CECID. He also plays an advisory role in the R&D direction of CECID.

David was in charge of business development activities and commercial projects of CECID. He supervised a team of consultants to provide knowledge-intensive and cutting-edge technology services to customers in both private and public sectors. He also participated in the demand management and process management for the outsourced product development works.

David was a key member for lead data interoperability projects in HK. Among them, the XML Schema Design and Management Guide establishes a long-term mechanism for Government standards development. In the private sector, the establishment of document standards for the Digital Trade and Transportation Network lays down an important milestone for the logistics industry.

David has extensive experience in the information technology for a wide range of industries, from banking operations, e-commerce application development, payment technology research and development to even horse racing operations.
