

<b>Senior Consultant, Digital Integration Services</b>	<b>Post Date: 18 February 2019</b>
<b>Digital Transformation Division</b>	<b>Deadline: 4 March 2019</b>
<b>Ref: DTD034/HKCS/180219</b>	<b>HKCS</b>

The Hong Kong Productivity Council (HKPC) is a multi-disciplinary technology organization established by statute in 1967. HKPC's mission is to promote productivity excellence through the provision of integrated support and solutions across the value chain of Hong Kong SAR firms, to achieve a more effective utilization of resources, to enhance the value-added content of products and services, and to increase international competitiveness.

To meet the challenges of a rapidly evolving business environment, we are looking for a seasoned professional for the post of Senior Consultant, Digital Integration Services.

### **Job Duties:**

- Formulate, drive and execute the unit's business strategies and plans by designing the product service portfolio in line with HKPC's corporate mission and clients' business development needs in the area of Digital Transformation
- Lead the professional team to provide consultancy services and turn-key solutions in IT & Digital strategy planning, Blockchain, IoT, Big Data, zero infrastructure, enterprise business applications, VR/AR applications, software testing & quality assurance, IT governance, business automation, etc to achieve income target within the budgeted manpower and financial resources
- Lead the professional team to providing quality project delivery, conducting training workshops and developing new businesses to clients in Hong Kong, Mainland, and overseas
- Establish and maintain strong network with multiple IT industries and develop appropriate platforms and integrate products and services to strength the partnership between the HKPC and the industries
- Provide leadership, development opportunities and guidance to continuously build talent pipeline, upgrade the unit's overall capabilities and build sustainable business model

### **Job Requirements:**

- Bachelor Degree or above from disciplines such as Computer Science, Computer Engineering, Information Technology or equivalent
- At least 12 years of solid experience in IT/digital related consultancy and/or turn-key solutions implementation

- Proficient in project management, business acumen and analytical skills
- Solid experience in leading a team
- Experience in running a profit & loss centre / business unit / product line is a definite advantage
- Experience in manufacturing sector a plus
- Sound relationship with the industry, trade associations, professional bodies and research institutes in Hong Kong, Mainland and overseas
- Strong communication skills in both written and spoken English and Chinese, including Putonghua
- Applicants may be considered for other positions if not matching the requirements of the subject position

### **Application:**

HKPC will take into consideration both the quantitative and qualitative requirements of the post when selecting the suitable candidates. A competitive salary package commensurate with academic qualifications and experience will be offered. The successful candidates will be employed on a fixed-term contract basis, which is renewable subject to appointee's performance and the Council's development needs.

Applicants should send application, together with a detailed resume, current and expected salary and contact telephone number by email to [rdtd03419@hkpc.org](mailto:rdtd03419@hkpc.org) (quoting the reference number on the subject heading) **on or before 4 March 2019**.

Applications not quoting reference number will lead to late processing.

Personal data collected will be used for recruitment purpose only. Candidates not invited for interviews within 6 weeks may consider their applications unsuccessful and the applications will be disposed by HKPC within 12 months.
