You can sign up with an IBM ID if available.

If you don't have an IBM ID, you can create an IBM ID through the "Sign up with IBM ID" option using your e-mail address. With an IBM ID, there are more IBM resources available at your fingertip beyond SkillsBuild.

Alternatively, you can sign up directly with your e-mail address.

Note that signup/login with Google and LinkedIn is supported.

How is technology used in live concerts?

Learn about the emerging technologies that are used in one of the most popular concerts of our era!

Learn about UX design!

User experience (UX) design is critical to the websites, apps, and products you use every day. Build your UX design knowledge and skills in this growing field. Earn a credential on completion!

Crafting your career

Engage in the Job Application Essentials learning pathway to effectively highlight your skills to prospective employers!

Discover ...

... how data, AI contribute to the Fundamentals credential!

You can start with a search or Recommendations drop-down

The screenshot shows the IBM SkillsBuild homepage. The main heading is "What will you learn today?". Below it is a search bar labeled "Search learning". At the bottom of the main section, it shows "0 Learning hours completed" and "0 Digital credentials earned". The top navigation bar includes "Recommendations" (which is open), "Progress", a search icon, a help icon, a user icon labeled "YC", and a grid icon. The Recommendations dropdown menu lists: Learning, Digital credentials, Featured job roles, Programs & resources, Related sites, Explore learning, Explore more channels, and Career assessment. A red dashed box highlights the Recommendations dropdown menu and the "Explore learning" option, which is further highlighted in a black box with green text and arrows pointing to "Data analyst" and "Entrepreneurial skills".
