AI Readiness: Where Do You Stand?

AI is no longer a choice—it's a business imperative. But how prepared is your organization to harness its full potential?

The **AI Readiness Assessment**, built in collaboration with IDC, provides a data-driven way to evaluate your AI maturity, compare with industry benchmarks, and identify the next steps to accelerate AI adoption.

Begin Assessment

Why take the assessment?

Uncover strengths and gaps in your AI strategy.

Benchmark against 900+ CIOs across APAC.

Get expert insights to drive AI-led growth

Discover the AI strategies that industry leaders are adopting. The **CIO Playbook 2025** translates real-world lessons into a strategic guide designed to help you scale AI with confidence with insights from APAC CIOs.

Don't just keep up with AI—lead the transformation. Start your assessment today!

Welcome Message from HKCS President

Dr Rocky Cheng
President, Hong Kong Computer Society

Ir Tony Wong, JP, Commissioner for Digital Policy, The Government of the HKSAR, Distinguished Guests, Ladies and Gentlemen, good evening.

On behalf of the Hong Kong Computer Society (HKCS) Council, I would like to welcome and thank all of you to attend this Dinner to celebrate 28th Anniversary of the Establishment of the HKSAR and our Hong Kong Computer Society's remarkable 55th Anniversary.

The establishment of the HKSAR 28 years ago marked a pivotal moment in the history of Hong Kong, signifying a new era of governance, prosperity, and unity. Over the past three decades, Hong Kong has continued to thrive as a global hub of commerce, culture, and innovation.

Founded in 1970, HKCS is the first non-profit professional ICT organisation established in Hong Kong. For 55 years, we have been devoted to the development of the Hong Kong ICT industry, facilitating the growth of ICT professionals across industries while working to enhance their professional image and standards. As a well-respected and leading ICT organisation, HKCS is also committed to community services and ensuring that IT plays a vital role in social development while exerting a positive impact on the lives of the public.

Reflecting on our achievements over the past year has been gratifying; HKCS has actively engaged our ICT community through a diverse array of events. In 2024, HKCS organised around 60 events, ranging from stimulating seminars to interactive forums, executive luncheons to insightful site visits—each designed to provide valuable insights and networking opportunities for our members. The success of these gatherings is evidenced not just by attendance but also by enthusiastic feedback from participants.

HKCS has always been dedicated to introducing the latest technological advancements to its members. Recognising the rapid development of emerging technologies such as Artificial Intelligence, FinTech, and Cyber Security, we will continue to invite international experts and scholars to provide in-depth and professional perspectives, offering detailed knowledge on the principles, applications, and latest advancements in various technologies. This not only enhances the professional development of the local industry but also attracts and retains more innovation and technology elites, thereby assisting Hong Kong in attracting and nurturing talent. For instance, AI has been the theme in the Society's flagship annual event, the Hong Kong International Computer Conference (HKICC), for the past three years.

This year marks a significant milestone for the HKCS, as we celebrate not only the 55th Anniversary of our founding but also the realisation of a long-held vision: the acquisition of a permanent premises owned by the Society. In October 2024, HKCS successfully secured a prime location in Tsim Sha Tsui East, benefiting from convenient transportation links, with the official handover completed in mid-February 2025. The Opening Ceremony of the new office was just held last Saturday on 14th June 2025 and we shared an enjoyable moment with our members and friends. This achievement is a testament to the unwavering dedication of successive Council members and the enduring support of our members over the years. The establishment of a dedicated premises not only enhances the Society's capacity for collaboration and communication across various sectors but also fosters a deeper sense of belonging among our members. It underscores HKCS's ongoing commitment to evolve with the times, serve our members and the industry, and contribute to both Hong Kong and the nation in the long term.

As we look ahead to the future, let us carry forward this spirit of collaboration and learning, continuing to inspire and be inspired by the remarkable individuals that make up our HKCS family. Here's to many more enriching experiences and memorable moments together.

Ladies and gentlemen, please have a great time, enjoy the food and wine, and meet your old and new friends tonight. Thank you for being part of our HKCS community.

Enjoy the evening! Thank you!

Vote of Thanks from OC Chairperson

Mr Dave Chen
Organising Committee Chairperson of
28th Anniversary of the Establishment of the HKSAR cum
HKCS 55th Anniversary Gala Dinner

Ir Tony Wong, JP, Commissioner for Digital Policy, The Government of the HKSAR, Distinguished Guests, Ladies and Gentlemen, good evening. It is my great honour to serve as the Organising Committee Chairperson of the 28th Anniversary of the Establishment of the HKSAR cum HKCS 55th Anniversary Gala Dinner. I hope you have enjoyed a memorable evening with us so far.

I would like to take this opportunity to extend my deepest appreciation to all the sponsoring corporations - especially our Diamond Sponsor, Lenovo and Platinum Sponsors ASL and HPE, as well as to the HKSAR Government and most importantly, our dedicated HKCS members for their continued support. This evening would not have been possible without your dedication. I would also like to express my gratitude to the members of the Organising Committee and the Secretariat. Their tireless efforts and teamwork have made this celebration a truly special one.

Over the years, the Gala Dinner has been a perfect occasion for all of us in our industry to come together – to reconnect with old friends, and to meet new ones. So, my friends, I wish you all a delightful and inspiring evening. Enjoy the dinner and the gathering!

Thank you!
