- Perform global cyber threat monitoring and issue security alert
- Conduct study project on emerging security trends, cyber attacks and defence methodologies
- Develop, test, implement and maintain systems to support HKCERT operations and services
- Act as a main contact point to resolve system issues between internal user and vendor
- Promote cyber security awareness training to different sectors via seminar, talk or blog
- Deliver security programme and assist in provisioning of HKCERT services

You will be a good fit if you have/are:

- Bachelor degree in Computer Science or related disciplines with 4 - 6 years' relevant working experience
- Solid experience in programming and scripting (e.g. Python, API, PHP, HTML, JavaScript, css, SQL query)
- Experience in server (e.g. Linux – Ubuntu, CentOS; Windows – Server 2016, 2012) and database administration (e.g. MySQL, MongoDB)
- Having vendor management is an advantage
- Knowledge in broad spectrum of information security areas (e.g. web application security, IoT, cyber-attack and defence, mobile, cloud security, etc.) is preferred.
- Holder of Professional Certificate (e.g. CISSP, CISA, etc.) is an advantage
- Mature, self-motivated, analytical and a good problem solver. Able to work under pressure and able to adopt technology changes
- Good interpersonal, presentation and communication skills
- Good command of both spoken and written English and Chinese, Putonghua an advantage

Note:

Applicant may be considered for other positions if not matching the requirements of the subject position.

What we offer and What you'll like here:

- Innovative and energetic culture with smart outfits and sport shoes
- Professional lab and latest technology to actualize your creative ideas
- 5-day work week
- Prime location with good public transport network
- MPF Top-up and dental benefit
- Medical benefits from Day-1 with extended coverage to dependent(s)
- Professional training and career advancement opportunities

Apply now if you're ready to take the challenge! Do not miss this opportunity to join us to Create Value and "MAKE SMART SMARTER"!

HKPC will take into consideration both the quantitative and qualitative requirements of the post when selecting the suitable candidates. A competitive salary package commensurate with academic qualifications and experience will be offered.

Applicants are welcome to submit application at the HKPC e-Recruitment System (careers.hkpc.org) within 2 weeks from the posting date. Recruitment will continue until the position is filled.

Personal data collected will be used for recruitment purpose only. Candidates not invited for interviews within 6 weeks may consider their applications unsuccessful and the applications will be disposed by HKPC within 12 months.
