Job Description

Who we are looking for:

- Creativity in new ideas and future focus vision.
- Collaboration with colleagues and the community at large.
- Work Smart, Play Smart!

What you'll do:

- Develop, test, implement and maintain internal systems of HKCERT (e.g. website and other web-based systems)
- Act as a main contact point to resolve system issues between internal user and vendor
- Conduct study project on emerging security trends, cyber attacks and defence methodologies
- Promote cyber security awareness, including but not limited to issue timely alert of security risk, write security advisory on emerging cyber threat, deliver speak in seminars

You'll be a good fit if you have/are:

- Bachelor degree in Computer Science or related disciplines
- Solid experience in programming and scripting (e.g. Python, API, PHP, HTML, JavaScript, CSS, SQL query)
- Experience in server (e.g. Linux – Ubuntu, CentOS) and database administration (e.g. MySQL, MongoDB)
- Knowledge in information security is preferred (e.g. web application security, IoT, cyber-attack and defence, mobile, cloud security, etc.)

Note:

Applicant may be considered for other positions if not matching the requirements of the subject position.

What we offer and What you'll like here:

- Exciting new technology development (e.g. IoT, 5G, LoRA, AI etc.) to actualize your creative ideas
- Opportunities to work with our innovative and vibrant talents
- Embracing work flexibility (including Flexi-work hour and Flexi-location)
- Dynamic and energetic culture with smart outfits and sport shoes
- Academic training scholarship to take your career up a notch

- MPF Top-up and dental benefit
- Medical benefits from Day-1 with extended coverage to dependent(s)

Apply now if you're ready to take the challenge! Do not miss this opportunity to join us to Create Value and "MAKE SMART SMARTER"!

HKPC will take into consideration both the quantitative and qualitative requirements of the position when selecting the suitable candidates. A competitive salary package commensurate with academic qualifications and experience will be offered.

Applicants are welcome to submit application at the HKPC e-Recruitment System (careers.hkpc.org) in 1 week from the posting date. Recruitment will continue until the position is filled.

Personal data collected will be used for recruitment purpose only. Candidates not invited for interviews within 6 weeks may consider their applications unsuccessful and the applications will be disposed by HKPC within 12 months.
