Job Description

Who we are looking for:

- Creativity in new ideas and future focus vision.
- Collaboration with colleagues and the community at large.
- Work Smart, Play Smart!

What you'll do:

- Coordinate the continuous development, implementation and updating of security and standards, guidelines and procedures to protect the security of the information asset within an organization
- Develop and manage the frameworks, processes, tools and consultancy necessary for IT to properly manage risk and to make risk-based decisions related to IT activities
- Proactive identification and mitigation of IT risks as well as responding to observations identified by auditors or examiners
- Assist in the development of periodic reports and dashboards presenting the level of controls compliance and current IT risk posture
- Manage overall IT compliance with regulatory requirements through proactive planning and communication, ownership and relationships

You'll be a good fit if you have/are:

- Bachelor degree or above in computer science or related discipline with 4 years' experience in cyber security
- Solid hands-on experience in cyber security including solution, consulting and training, and programming and scripting skills an advantage
- Broad knowledge in cyber security such as cloud, AI and IoT security, risk assessment, cyber threat intelligence, network and application defence, cyber threat monitoring, incident response and Business Continuity Plan (BCP) and Disaster Recovery Plan (DRP)
- Certification and experience in information security, such as CISSP, CCSP and CISA

Note:

Applicant may be considered for other positions if not matching the requirements of the subject position.

What we offer and What you'll like here:

- Exciting new technology development (e.g. IoT, 5G, LoRA, AI etc.) to actualize your creative ideas
- Opportunities to work with our innovative and vibrant talents
- Embracing work flexibility (including Flexi-work hour and Flexi-location)
- Dynamic and energetic culture with smart outfits & sport shoes

- Academic training scholarship to take your career up a notch
- MPF Top-up & dental benefit
- Medical benefits from Day-1 with extended coverage to dependent(s)

Apply now if you're ready to take the challenge! Do not miss this opportunity to join us to Create Value and "MAKE SMART SMARTER"!

HKPC will take into consideration both the quantitative and qualitative requirements of the position when selecting the suitable candidates. A competitive salary package commensurate with academic qualifications and experience will be offered.

Applicants are welcome to submit application at the HKPC e-Recruitment System (careers.hkpc.org) in 1 week from the posting date. Recruitment will continue until the position is filled.

Personal data collected will be used for recruitment purpose only. Candidates not invited for interviews within 6 weeks may consider their applications unsuccessful and the applications will be disposed by HKPC within 12 months.
