ASTRI Summer Internship Programme 2022

ASTRI's Summer Internship Programme is a golden opportunity to open your eyes to state-of-the-art technologies. Learn from our award-winning scientists on cutting-edge innovations in a cross-cultural environment with over 500 talented R&D engineers and specialists. ASTRI is committed to nurturing our next generation of high-tech talents.

Who are We?

Established in 2000 by the Hong Kong SAR Government, Applied Science and Technology Research Institute Company Limited (ASTRI) is the largest R&D centre locally to enhance the technology level and quality of life in Hong Kong. Our research embraces Smart City, Financial Technologies, Intelligent Manufacturing, Digital Health, and Application Specific Integrated Circuits.

What is for You? It is thrilling to stand at the forefront of technology. This inviting, 8-weeks program starts in June till August for the successful candidates. Through an internship with ASTRI, you will acquire hands-on experience in one of our five Technology Divisions or corporate functions:

- Artificial Intelligence and Big Data Analytics (AIBD)
- Communications (COM)
- Cybersecurity, Cryptography and Trusted Technologies (CCT)
- Integrated Circuits and Systems (ICS)
- IoT and Sensors (IOTSEN)
- Corporate functions – Sales, Marketing, Business, HR, Finance, Audit, Legal

Why You? You are our future of technological breakthrough. If you are an undergraduate of Information Engineering, Computer Science, Electronic Engineering, Mathematics, Business, or related fields, come to share your imagination with us. No worry if you are in non-scientific disciplines, our corporate functions also welcome you with open arms. We seek those who are:

- Enthusiastic in exploring a career in advanced technology, research & development, or corporate functions
- Creative, open-minded, visionary
- Fluent in spoken and written English

Apply Now

Please submit your application via this link [**Application form**](#) before the deadline on **Monday, 28 February 2022**. Kindly indicate your academic background, work experience, and the Division you are interested to join. We will only notify the short-listed candidates. Please contact us at [**summerintern2022@astri.org**](mailto:summerintern2022@astri.org) if you have any enquiries. ASTRI is an Equal Opportunities Employer. We will only use the personal data provided by applicants exclusively for recruitment only.
